## Decker Holiday Party

Thank you to everyone who came to our annual Holiday Party! We are so grateful for each of you and your hard work over the last year. Here's to an even better 2019!

## Temperature Warnings

Working outdoors can be dangerous in extreme temperatures. Winter brings freezing temperatures and an increased risk of cold stress-related illnesses such as hypothermia, frostbite and trench foot. You could be at a higher risk if you are predisposed to health factors including hypertension, hyperthyroidism and diabetes. Help keep each other safe by recognizing these symptoms:

### **HYPOTHERMIA**

- Shivering stops
- Person loses coordination, becomes, disoriented, confused
- Unable to walk/stand, pupils dilate, pulse/breathing slows, lose consciousness

*What to Do: Call 911, get to a warm dry place, replace wet clothes with dry clothes, sweetened drink, warm packs on arm pits, groin, sides of chest.*

### **FROSTBITE**

- Reddened skin develops gray/white patches

- Numbness where affected
- Feels firm or hard
- Blisters occur

*What to Do: Loosely cover and protect from contact; do not rub affected area, do not apply snow/water, do not try to rewarm.*

### **TRENCH FOOT**

- Numbness of skin, swelling, blisters

*What to Do: Remove shoes, wet socks; dry feet; give sweetened drinks.*

For more information, click [here](#).
